

Apartment Checklist

3 Homelike Promises

Homelike landlords specialize in renting out furnished apartments. Together with us you make sure that we can keep the 3 Homelike promises to our tenants. Landlords and apartments of Homelike must meet the following standards:

1. Our apartments offer everything a demanding business traveler wants.

Fully-furnished

All apartments are furnished in a way which allows tenants to move in with nothing but a suitcase and feel at home. They are equipped with linen, towels, and other everyday objects, such as cookware.

Internet

All apartments offer high-speed Wi-Fi access without data limitations or additional costs.

Workspace

Our business customers should have the opportunity to work in their apartment. A table, a chair, and sockets should be available for this purpose.

Washing machine

Please provide your tenants with direct access to a washing machine - either in the apartment or in the same building. This does not include the laundromat around the corner.

Apartment Checklist

3 Homelike Promises

2. Our Professional Landlords are Specialized in “Living as a Service”.

Entire apartments

All apartments are designed for temporary living. We do not accept subletting and interim letting.

Direct contact person

An authorized contact person is available to Homelike in case of questions. In addition, we require you to name a local contact for the tenant.

Final cleaning service

Every tenant should find a professionally cleaned apartment when moving in. Please include possible costs for the final cleaning in the gross rent.

Apartment Checklist

3 Homelike Promises

3. We offer administrative transparency for trust on both sides.

All in price

The rent includes all incidental costs, including any applicable tax rates.

Rental terms

Each apartment listing contains rental terms in the form of a rental agreement or general terms and conditions, so that bookings can be made quickly and online.

Professional invoicing

Depending on the method of payment, you are required to issue an invoice to the tenant or company.
